Ron Kirmer

Instructor - Automotive
kirmerr@bartonccc.edu
(620) 792-9338

Why Barton?

- State of the art facilities and training equipment:
 - o Newly constructed auto shop and classroom additions.
 - o Computerized test equipment, high performance chassis dynamometer.
 - o Electrical training stations to facilitate hands-on learning.
 - o Wireless internet access in the shop and classroom.
- Instruction:
 - o Industry trained ASE Master Certified instructors.
 - o Flexible scheduling allows students to have a part time job.
 - o Hands-on instruction in a "live-shop" environment.
 - o Interactive e-learning components.
 - o Certificate and Associate Degree options.
- Features of Coursework:
 - o NATEF certified courses: brakes, steering/suspension, electrical, engine performance, air conditioning, engines, manual drivetrains and automatic transmissions.
 - o Hybrid training - Barton is the first to offer a dedicated course on hybrid vehicle technology.
 - o Auto Body elective course.
 - o Student driven "Hot Rod" project.
- Student support:
 - o Scholarships available for tools and tuition.
 - o Low interest student loans and Pell Grants.
 - o Job placement assistance and career counseling.

Occupational Outlook:

Automotive service careers opportunities are in high demand; projected to grow faster than average for all occupations over the next decade. Many skilled technicians are expected to retire in the next decade, creating many job opportunities.

- Auto Technicians can expect to earn between \$21,300 and \$41,510 annually.
- Auto Service Advisors can expect to earn between \$15,190 and \$42,780 annually.
- Auto Parts Specialists can expect to earn between \$19,070 and \$34,300 annually.
